

We did it together! It is essential to say thank you to an amazing winter PML family. Thank you to the guiding team for leading each tour with purpose. Guests happily followed behind excited to see where the day would take them. The reach to the top of the mountain peak brought much joy as well as the skinning track to get there. Every day was special sharing stories and connecting deeply with one another. Our friendly hosts and caretakers worked long days to make sure our mountain home was welcoming upon return. The Lodge was clean, well kept, sauna hot and beer cold. Thank you to our talented chefs for a winter of five star fine dining. Our team of chefs went out of their way to ensure everyone was well fed. Food is love and there is nothing that brings people together like good food. Thank you to the entire PML family for ensuring our guests felt peace of mind each night and for seamlessly working together.

New & Exciting Adventures Await Chris & Joanne

Talus Lodge Owners Chris & Joanne Espinel have “passed the torch” to new proprietors Thomas Grandi and Sara Renner. Joanne and Chris enjoyed many successes thru the years starting with building and operating their dream project together. In October 2016, Purcell Mountain Lodge and Talus Lodge were jointly named in an article written by Keara Donick for Viva Lifestyle and Travel. The article was titled “5 Epic Lodges Only Accessible by Helicopter”. Purcell Lodge was honoured to be in the same company as Talus Lodge. Wonder what the Espinel's next venture will be... one thing for sure I have no doubt it will be amazing!
