

February is the perfect time to take a break from work and plan your mid winter escape. January started with cool temperatures, and by mid month warmer days greeted us. The weather is timed perfectly for the start of the regular ski touring season. Our Purcell family are ready to commence guided and catered tours from the end of January to April 3. In the months ahead expect to see more blue bird days and plenty of untouched powder in our winter playground.

Check the website frequently for the latest tour updates
or call 1 888 767 8989 to inquire about available space on the following tours.
