

Purcell Mountain Lodge continues to attract more families and friends to gather in our backcountry. The remote setting offers a perfect place to play and reconnect. In the month of February we saw more families seeking unique quality time together. We continue to embrace multi generational travellers. Our family love opening up our home to see families relishing the opportunity to make memories together with their kids, extended family and grandkids. Nature will always nurture our heart & soul.

Guests enjoyed Chef Gerry's gourmet cuisine, the luxuries of home and convenience of a winter playground right outside our doorstep. Our mountains welcomed first time ski touring guests and intermediate to advanced backcountry enthusiasts seeking new land to explore. February was simple delightful. "February snow days were so much fun!"

It felt like home sweet home. Fun continued each evening as our Purcell Lodge friends enjoyed the cozy wood burning fire, board games, lively company, speciality BC wine and quiet time to rejoice life.

In collaboration with Kootenay Rockies and Tourism Golden, Freelance writer Susan Nerberg explored the beautiful BC rockies. Susan was on a writing assignment with The Globe and Mail. Watch for a Fall feature article in the travel section about Susan and Alejandro's Purcell backcountry escapades. Susan experienced the guided ski touring while Alejandro had the pleasure of guided snowshoeing in our alpine meadows.

Long time guests Kay & Colin and Tanis have enjoyed over a dozen trips to the Purcells. This year the visit was extra special as dear friend Martha came all the way from France for a rocky mountain high. Martha and guest Scotty from California share a toast together celebrating a spectacular day in the alpine.

Ski Touring and Birthdays go Hand in Hand

A special occasion is a fantastic reason to plan a trip. There is no better place to celebrate than a flight up to Purcell Lodge. Imagine you, your ski pals, gear and the massive backcountry. Loads of powder, terrain, fresh air and the sounds of nature. This is exactly how two Canadian athletes Adam Campbell and Kylee Toth-Olher planned and pictured celebrating their birthdays! Hosting one of the top runners in the world and a ski mountaineering athlete felt like icing on the cake for our Purcell Lodge family.

Adam Campbell is a lawyer, former Canadian ultramarathon running champion and Arcteryx Ambassador. In May 2018, Arcteryx presented a short film about Adam called "In Constant Motion". The film was about his near fatal fall while attempting a traverse in Roger's Pass in 2016.

Adam's recovery was a long rehabilitation process. His body is now supported with titanium rods and screws. Only ten months after the fall, Adam was back running and competed in the Hardrock 100 Mile and finished the race.

Adam Campbell's recovery journey and video is an inspiration to an incredible man in motion with an unstoppable spirit. I cannot wait to see where his feet will lead him next. Hope everyday feels like a special birthday or celebration for Adam. The Purcell family are happy to have been part of the journey for his milestone birthday. Hope Adam & wife Laura will come back and explore our trails this summer!
