

There is no better place to leave behind the stresses of every day life and relax in a gorgeous outdoor setting. Our certified hiking guides will present a program that will restore wonder, joy and excitement into your world. Let's share the mountains together and spend time in nature and reconnect with our inner being.

Soon we will begin planning for summer vacations and now is the time to start to image an incredible summer. Families continue to book their vacation time with us because they know their children will return home more connected with Mother Nature. The deeper we look into nature, the more inspired our children will become.

There is still time to join us as we get ready to celebrate Canada's 150th Birthday. Let our mountains be your classroom and our guides be your teachers. Purcell Mountain Lodge is a backcountry Lodge for everyone. Come with friends, family and colleagues. There will always be close bonds formed on trips such as these and we would love to help create these lasting memories with you.

Time Well Spent.

We are thankful for steady growth over the past years. It has been our pleasure and happiness to host new guests in the backcountry. We appreciate your patronage and look forward to your next visit. It is also nice to greet past Purcell friends back to their mountain home. "The earth is what we all have in common". Connect anytime you would like to inquire about your next escape to the Rocky Mountains.

Wild for Wildflowers

Mother Nature surprised us with record snowfall in the Spring. It will take a few months for the snow in our backyard to melt.

While she continues to create her magic and fill us with wonder please enjoy a wild flower celebration. Click on the link below and see how the earth laughs in flowers.
