### Directions

When you arrive in Golden from the Trans Canada Highway, take the overpass into town. You will find yourself on HWY 95 South (also called 10<sup>th</sup> Ave). Pass the business section of town on your right, cross the old trestle bridge and proceed to the traffic lights at the intersection of 9<sup>th</sup> Street. You will see a sign indicating the airport. Follow the sign, by turning onto 9<sup>th</sup> Street. Proceed along it's entire length to 5<sup>th</sup> Avenue. Again, follow the airport signs by turning right. Drive along the road and bear left as the road becomes Fisher Road. You will drive over the train tracks and continue down the road till you see Alpine Helicopters.

Helicopters have a very limited capacity. For your safety, we must limit your baggage to a maximum of 35 lbs (13.5 kg) pounds for your personal belongings. Additional cargo space is for gear, transportation of food and lodge supplies. The dress in the lodge is very casual, and you will only need a basic wardrobe. All linens, towels, biodegradable soaps and shampoos are provided. We even have a hair dryer for your use if you need one. You need to bring only your winter gear, a variety of light layers and a few personal effects. We ask splitboards be separated and large bindings removed for transport up to the Lodge.

Please note there are no refunds or credit notes issues for your trip for if the helicopter cannot reach fly into Purcell Mountain Lodge due to poor weather. Please make sure to purchase your own insurance to cover this.

Purcell Mountain Lodge provides doorstep access to a wide variety of trails and meadows suitable for all levels of ability and ambition. There are opportunities for different forms of self-propelled winter outdoor recreation. Following is a brief overview of what you will need to bring to the Lodge.

## Outdoor Clothing

Lightweight synthetic layers (polyester, polypropylene & fleece) will wick moisture. Avoid cotton undergarments and socks, cotton absorb perspiration and will become wet. To keep you body warm, layer thin wool or synthetic undergarments that can be added or removed to control your temperature as required. Recommend outerwear should be water resistant, windproof & with venting options. It is best not to use an insulated outer garment while you are active. Gortex or similar shell garments with venting zippers are ideal outerwear. A insulated outer jacket is recommended for lunch breaks.

The easiest way to pack for a helicopter, and stay within your weight allowance is to:

Organize your daypack so it is ready to take into the outdoors.

Come dressed for the helicopter for a day of outdoor activity. **Must wear your helmet, goggles, ski jacket, ski boots and ski pants etc. for flying in and out of the Lodge.**

Use a small nylon bag for any other necessary casual clothes, toiletries, slippers etc.

**Maximum 30-35 Litre Day Backpack Recommended**

## Daypack Items

Spare clothing, warm hat (toque) & extra pairs of warm mittens or gloves

Water bottle (holds 1-2 litres) & thermos (optional)

Sunglasses, goggles, sunscreen, & lip balm

Head light with extra batteries

Personal first aid supplies (bandages, moleskin, blister kit etc.)

Whistle, pocketknife (optional items)

Additional room for packed lunch and Avalanche Safety Gear

### **Packing Checklist to Stay Within the Weight Restriction**

We provide the following checklist to serve as a packing reminder and as a guideline to limit unnecessary extras. Please note, you will probably only wear your casual lodge clothing for a few hours in the evenings.

### **Maximum 35 Litre Soft Shell Duffel for Personal Belongings**

**Packing List: One or two changes of casual clothing Slippers non-scuff house shoes Pyjamas**

Toothbrush, toothpaste and dental floss

### **Equipment List**

Skis or Splitboards or Snowshoes

Ski poles for all outdoor activities

Climbing skins

Avalanche shovel Avalanche probe

## **Avalanche Gear Rental**

\$30 per day from Purcell Mountain Lodge. Rental includes beacon, shovel and probe. Book in advance to make sure we have a set reserved.

Guests are asked to provide their own avalanche beacon, probe and shovel. All skiers planning to venture beyond the meadows must wear a current avalanche beacon. Guests must participate in an avalanche safety orientation before heading out on the first tour.

## **Smoking Policy**

The Lodge facilities and guest rooms are all non smoking. In British Columbia, cannabis smoking and vaping is not permitted in public places. Cannabis is not permitted in places marked for “loading and unloading passengers” this includes the Purcell Mountain Lodge helipad and at Alpine Helicopters hangar. Cannabis is not permitted in regional, municipal and provincial parks.

## **Alcohol Policy**

There is no outside alcohol permitted to be brought into Purcell Lodge. A cash bar is available with a selection of specially selected wines, craft beers and other alcohol.

## **Nut Free Environment**

We aim to be a “nut free” lodge and do not serve any nuts in our meal service. Please do not bring any nut products of any kind into the Lodge for your own personal snacks.

## **Outdoor Gear and Equipment**

**Alpine Touring Skis** - Downhill skis with a special binding which allows the heel to lift up when going uphill or across flat terrain. The binding then locks down to become like a regular downhill binding. We recommend this system to anyone with a background of downhill skiing.

**Splitboarders** - Splitboarders should be at an advanced level of snowboarding at the resort and able to handle flat sections and traverses. Purcell Lodge guides will be on skis but are familiar with splitboarding equipment. The splitboard is easier to use than a snowboard while travelling to and from the slopes, and weighs less than carrying both snowshoes and a snowboard. Remember to bring climbing skins and a set of ski poles.

## **Snowshoeing**

This is a simple yet pleasurable way to enjoy Purcell's backyard. All you need is a willingness to get out and explore, and a sturdy pair of insulated, water-resistant boots. The high alpine plateau surrounding Purcell Lodge is a magical place to explore on snowshoes, our guides will be happy to get you started in this traditional method of winter travel. We recommend new high technology metal shoes brands such as MSR, Tubbs, and Atlas. Avalanche beacons and shovels are not required unless you intend to embrace more ambitious agendas such as hiking to one of our nearby peaks.

**ASSUMPTION OF RISKS – AVALANCHES, ALPINE TERRAIN, WILDERNESS TRAVEL WEATHER**

I am aware that participation in wilderness activities, involves many risks, dangers and hazards. I am aware that the Releasees may fail to predict whether the terrain is safe or whether an avalanche may occur. The terrain used for wilderness activities is uncontrolled, unmarked, not inspected, and involves many risks, dangers and hazards in addition to that of avalanche.
