

PURCELL MOUNTAIN LODGE
February 2021 Newsletter

In the heart of our Purcell Mountains, there is an incredible opportunity for everyone to experience authentic backcountry. Outside the door is world-famous backcountry powder. There is no shortage of snow or dream runs for beginner to hardy backcountry skiers. This is Purcell Mountain Lodge, a luxury lodge where we can welcome guests to experience the very best creature comforts of home and untouched endless powder.

Spring skiing is now. March last minute bookings are welcome. There is still time to come experience the warm hospitality of our Purcell Mountain Lodge family and unmatched adventures right at our doorstep.

Resilience Thriving Amid Adversity Look Up and Stay Positive

2021 is going to continue to be full of interruptions. The vaccines for COVID-19 are rolling out and by the end of 2021, Canadians should all be vaccinated. It is important to not let small delays throw you off track early this year. There is no need to make life any harder than it needs to be. Learn to embrace change and recognize being resilient and adaptable is a crucial part of 2021. Approach adversity with an open mind so you can figure out the next way to move through them. This mindset will help you to keep moving forward. Keep on dreaming and planning your vacations for the upcoming summer and next winter. Give yourself something to look forward too. There is a bright light at the end of 2021!

Short and Sweet February Highlights

Purcell Mountain Lodge offers world class skiing right outside the front step. Canadians love to ski and love fresh powder too. Our backyard playground was a favorite destination for skiers to “earn their turns”. No wonder Purcell Mountain Lodge had been named one of the top 100 list adventures in the world!

Thank you to our guests who visited in Feb-YOU-ary. Thank you for giving yourselves permission to escape to the mountains for awhile. Taking care of your mental health continues to be essential this month as we mitigate the second wave of the pandemic.

What you wear outside makes a big difference in how you feel while you're out there. February began with cooler temperatures and warmed up by the end of the month. Our guides took extra precautions to make sure guests stayed safe in our winter wonderland. A thermos of hot tea along with the Chef's gourmet packed lunch always hit the spot!

Our PML guides are the reason why up hill travel continues gaining ground. Thank you to hardworking local ACMG ski guides Aaron, Alison, John, Ken and Louis. Please plan ahead to book your return trip in 2022 with our amazing PML guiding family.

Waist deep and feather light powder. Guests could not get enough of the dry, light bottomless powder typical for February. Snow conditions were simply amazing this month.

The spacious lodge was a perfect home base for exploring our backcountry. Invigorated guest return each evening to après ski and seasonal cuisine, a cozy fire and a serene sense of wonder. Thank you to our lodge team Chef Steven, Chef Josef and Host/Caretakers Pat and Luke for all your hard work in February looking after our guests.

We welcomed past and new guests this month. Small group skied for three or four days. Everyone left with smiles on their faces and a full heart.

March Pre Trip Planning

It is important for our guests to continue abiding by measures in place to stem the spread of the virus, including limiting their number of contacts, wearing a mask and practicing physical distancing and good hand hygiene a minimum of two weeks prior to their stay.

We have continued to operate through summer 2020 and winter 2020/2021.
Backcountry skiing in the Purcell Mountains will run till April 2021.
Call Jackie at 1 888 767 8989 to book your mountain escape today!

THIS IS MY
FAVORITE KIND OF
WEATHER. I LOVE
IT.

*"The cold never
bothered me anyway!"*
