

March guests were immersed in the serene beauty of the Purcells. Guests enjoyed private access to tree skiing, world class blower pow and the finest winter adventure. This winter has been about self-care. Guests needed to recharge their physical, emotional and spiritual health. Spending time in nature and taking part in physical activity are vital to break the cycle of any stress that we carry. After spending time in nature we will feel ready to take on the world again. We can gain new perspective on our problems when we are able to break out of our regular routines.

Self-care is not selfish

We all need a home away from home to escape, to take care of ourselves. This is a time in our lives of incredible stress and anxiety. Our new reality has posed many unique challenges and it is essential for us to nourish ourselves from the inside and to remember to stay positive!

March welcomed many adventure seeking families to our backyard playground. Families joined us in March for ski touring, split boarding, snowshoeing and tobogganing. We finished the season with a gigantic snow fort. It was epic! Thank you to the parents for visiting with your children. We hope the trip was memorable. Our family feel blessed to have been a part of the special memories and moments created in our backyard and mountain home. We hope you will come back and visit us again!
