

If we've learned nothing in the pass 15 months it is "not to rush things". The Canada and United States border remains closed to non-essential travel but there is promise for Canada wide travel in early July. For now it's time to keep exploring BC local. A key factor for Canadians to travel this summer is to make sure you are vaccinated. The community health measures are important to continue to curb the spread of COVID-19. Roughly 68% of all adults in Canada have now had at least one dose of the vaccine.

"Dr. Theresa Tam's 3 steps to a better summer & safer fall:

1. SLEEVES UP – get vaccinated as soon as you're able
2. KEEP UP personal precautions
3. LISTEN UP – follow public health advice"

Please continue to prioritize your mental health as we navigate the final steps towards summer travel. Self-care includes getting proper sleep, routine exercise and positive social and mental stimulation. Tourism Counts!

Tourism week was May 23-30, 2021. It was a coast to coast event to bring light to Canada's tourism economy.

A call to action was for Canadians to take the pledge to travel in Canada when restrictions are lifted. Canadians please come together and support tourism.

Every province in Canada has been affected by the tourism. Please consider taking the pledge and spending your tourism dollars in Canada when the restrictions are lifted.

Tourism statistics pre pandemic

Did you know?

Travel in Canada generates over \$105 billion in economic activity.

Tourism employs 1.8 workers

Tourism economy in Canada was the fifth largest responsible for one responsible for one in ten jobs

Thank you British Columbians! The three week circuit breaker lockdown worked to bend the pandemic curve and protect the people. Staying local and supporting small business was essential
Thank you Canadians for supporting restaurants as staying active in your own community.

Reopening Plans in British Columbia

British Columbia has announced a plan to lift travel restrictions in the Restart Plan. In accordance with the BC's Restart Plan, we will open on June 21st. We will share future updates at a later date. Keep up to date with our monthly newsletter and check our website and social media for future updates.

BC'S RESTART PLAN

Canadians and International guests are encouraged to continue booking for the summer and fall hiking season. Our Purcell Mountain Lodge summer family are optimistic about welcoming friends back to our mountain home as soon as possible. COVID-19 infection rates are continuing to decline due to the vigilant efforts of Canadians following the strict provincial health measures. Regional travel within British Columbia has resumed. The restart plan offers a path to unrestricted travel within Canada by July 1st and a return to normal social interactions by Sept 7th:

Travel continues to be restricted from all countries including the U.S. in efforts to curb the spread of COVID-19. More provinces have shared their robust reopening plans for months ahead.

Step 1 May 25 - recreational travel within your health region

Step 2 June 15 - recreational travel within BC

Step 3 July 1 – Canada wide recreational travel

Step 4 Sept 7 - larger capacity gatherings and spectator sports

Exclusive lodge bookings for private groups

Hike in and out self-guided & self catered or catered option

13 km hike in & out for experienced backcountry hikers

Travelling with friends makes the trip even more special!

Family time in the Purcell Mountains

Here are photos of some of our past guests and returning summer PML staff. We can hardly wait to introduce everyone to the rest of our summer family in the June newsletter.

We look forward to seeing our friends soon.
