We Are All in This Together COVID-19

Health Risk of Novel Coronavirus (COVID-19)

COVID-19 has been declared a global pandemic and public health emergency. It is a new coronavirus that causes disease ranging from the common cold to more severe respiratory illnesses including the flu and common cold. Symptoms include coughing, sneezing, fever greater than 38 degrees Celsius, sore throat, difficulty breathing, vomiting and diarrhea. People infected with COVID-19 may experience no symptom with illnesses ranging from mild to severe. People

ages 60 and over and those with a weakened immune system or underlying medical conditions are considered at higher risk of severe illness.

Anyone with symptoms of COVID-19 including fever, chills, cough, shortness of breath, sore throat and painful swallowing, must not visit Purcell Lodge and self-isolate at home for a minimum of 14 days. Anyone under the direction of the provincial health officer to self-isolate must follow instructions to prevent transmission. Anyone who has arrived from outside of Canada, or who is a contact of a confirmed COVID-19 case, is to self-isolate for 14 days and monitor for symptoms.

Exposure to the virus may occur in a variety of ways:

Shaking hands with an infected person or touching a surface contaminated with the virus, followed by touching one's eyes, nose, or mouth;

Infectious droplets from a coughing or sneezing person landing in the eye or onto the moist inner surfaces of the nose or mouth;

Breathing infectious airborne droplets or particles from coughing or sneezing;

Sharing food items or utensils with an infected person;

Guests are asked to be diligent with personal hygiene and regular hand washing. Avoid touching your face. You may wear a face mask in our common areas if you feel more comfortable to wear one.

Lodge Life

Lodge windows and patio doors will be open daily to allow for increased ventilation and fresh air to circulate;

Hand washing with soap removes germs and is the most effective way to stop the spread of germs. Wash your hands for at least 15 seconds with soap and water. In addition, wall mounted hand sanitizing stations and alcohol based hand sanitizer bottles are located in all public areas. Hand wipes that contain effective disinfectant are also available;

Guests are asked to respect physical distancing guidelines of two meters apart with staff and other guests throughout the lodge;

The BC Centre for Disease Control advises most people become ill from being in close contact with someone who showed symptoms such as coughing and sneezing, therefore transmitting the virus through droplets. When droplets fall on surfaces or objects, people can catch COVID-19 by touching contaminated surfaces or objects, then touching their eyes, nose or mouth. The incubation period is 1 to 14 days. COVID-19 is contagious for at least 10 days after the initial onset of symptoms;

We have increased cleaning schedules with attention to disinfecting high contact public areas such as door handles and light switches. Fixtures and handles in the bathrooms will be continuously sanitized and cleaned throughout the day;

Guests are asked to please respect the recommended “guest maximum occupancy” signs posted in each common area.

Meal Service/ Bar Service

Meal services will follow strict social distancing with limited capacity at each table;

Pre assigned seating for meal services;

Cash bar and host assisted service of alcoholic beverages.

Guest Rooms

NEW Bring a sleeping bag or blanket to use as a body covering for your private room. Due to our remote location we are unable to provide a duvet/comforter for guest use.

A flat sheet, pillows and pillowcases will be provided for your comfort;

NEW Bring your own bath, hand and face towel;

There will be strict cleaning and disinfecting protocols to cleaning guests’ rooms prior to guest arrival, when occupied, and on departure day;

Guests are asked to open windows and periodically to optimize the flow of air and circulate fresh air into rooms;

Please note: The patio door cannot be left open or the water line in your room could freeze.

Sauna

The sauna will be closed until further notice.

Taking Steps to Ensure Safety of Our Team:

If staff are not feeling well or have an immediate family member that is showing symptoms of COVID-19, we will ask that they stay at home;

We have implemented a screening process for our team to ensure everyone is healthy to serve guests;

Regular wiping down and sanitizing staff areas;

Staff area signage is in place to advise staff to continue to wash hand clean and reinforce proper hand washing;

Staff to maintain a healthy lifestyle (proper diet, sleep and exercise) to help keep immune system strong;

If staff have flu-like symptoms, they are advised to complete the B.C. COVID-19 Self Assessment online and follow the advice of health officials.

Our Commitment to Guests:

Ensure that necessary materials such as gloves, alcohol-based hand rubs, and washing facilities are readily available where and when they are required;

Implement of appropriate site-specific control measures;

Ensure the Purcell Mountain Lodge family are educated and trained to an exceptional level of competency;
